

## A TWICE-TOLD TALE

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Norwich man is confirmed after two years.

D. J. Brown, 6 Summer St., Norwich, says: "The results that followed the use of Doan's Kidney Pills in my case were satisfactory. I got this medicine at N. D. Sevin & Son's Drug Store and it proved effective in strengthening my kidneys and relieving other symptoms of kidney trouble." (Statement given August 27, 1908.)

OVER TWO YEARS LATER Mr. Brown said: "Kidney trouble and I have been strangers for a long time. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y."

## GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

25-CENT "DANDERINE" WILL  
SAVE YOUR HAIR AND  
DOUBLE ITS BEAUTY.

TRY THIS! YOUR HAIR GETS  
SOFT, WAVY, ABUNDANT  
AND GLOSSY AT ONCE

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—delightful surprise awaits everyone who tries this.

Valentine Tea For Hospital.

Arrangements are being made for the annual Valentine tea for the benefit of the Day Kimball hospital.

Grip still rages in Putnam and the doctors are overworked in taking care of their practice.

Every effort is being made to get out a large and representative attendance at the mass meeting to discuss the formation of a Building and Loan association is to be discussed.

Teddy Cassent, now landlord of a hotel at Middletown, was a visitor with friends in town.

Mr. Cassent is arranging to give Middletown a real baseball team the coming season.

Icesmen Not Worried.

It is understood that the breaking up of the ice has not caused great worry to ice dealers here, as the greater part of the supply needed through the current year was safely housed before the warm spell began.

Busy Times in Freight Yard.

Sunday the local railroad yards were jammed full of cars and the same was true of all tracks northward into Worcester, only passing sidings being left open.

Putnam is witnessing the handling of an enormous amount of freight and railroad men here are having about the busiest time of their life.

UNDERGOES OPERATION.

Mrs. Alice Hayward Still at Hospital.

Mrs. Alice Hayward, who was seriously injured last fall when she was struck by a locomotive while crossing the track of the Norwich branch near the mill of the French River Traction company at Mechanicville, has undergone an operation at the Day Kimball hospital, where she has been since the accident. It is expected the operation will result in causing a broken bone in her leg to knit more quickly.

Transferred to New Britain.

Everett D. Packard, who has been a teacher in the cooperative high school—trade school course, has been transferred to the state trade school at New Britain.

A teacher, who has been at the state trade school in Bridgeport will come to Putnam to succeed Mr. Packard.

Glady's Klack Welcomed Back.

Indicative of its popularity here on the strength of the excellence of its presentations of the past, the Glady's Klack company was greeted by unusually large numbers of people at the Bradley theatre Monday.

Monday afternoon and evening the play was brought to a successful close by a splendidly produced at the moderate prices charged as by companies that have played it through this territory at much higher prices.

Miss Klack as Virginia Blane was the same appealing stage favorite that she always has been to Putnam audiences.

Her supporting cast this year is especially strong in the opinion of many, the best with which she has been surrounded. While her production did not permit of the appearance of all of the members of the company, those who were charged with the presentation of the play were left no room for doubt as to the excellence of the organization.

Richard St. John as Robert Stafford, Sam Walcott as James Gilley and Sadie Belgrade as Fanny Blane all shined in the appreciation of the audience, and as they wholly deserved.

The specialty feature of Monday was a nicely done dance number.

A \$1,000 Visiting Nurse Fund Needed.

No definite action has yet been taken for the formation of an association to support the work of a visiting nurse in Putnam, but the interest in the matter continues to increase as to methods of procedure and the Chamber of Commerce here is eventually putting the plan in effect.

Many have been found who are enthusiastic over the plan and members of the Chamber of Commerce have shown marked interest. It has been ascertained that a fund of about \$1,000 a year is required to carry on the work and a means of raising this amount must be found before the work can be started.

## Says Rheumatics Should Not Drink Whisky

Overheats the Blood and Increases Inflammation in Joints and Muscles.

Don't drink whisky or any alcoholic beverages unless you want to increase the agony of rheumatism. Keep your feet dry, wear woolen underwear, and drink plenty of water; lemonade is best.

This treatment helps, but if you really want to get rid of rheumatism with its painful distress, twisted and swollen joints and perpetual agony, take one-half teaspoonful of Rheuma once a day.

Rheuma conquers rheumatism and sciatica; it is the enemy of both. For over a century, throughout America, it has been prescribed by broad-minded physicians and has released thousands from agony, pain and despair.

Hundreds who thought they were crippled for life are now leading useful lives and helping to support the family. Lee & Cogswell Co., and druggists sell Rheuma for not more than 50 cents a bottle, with the understanding that it will drive every particle of rheumatic poison from your system or money back.

Don't Scold Fretful Children.

That nervousness, fretting and restlessness is no doubt caused by worms or constipation. Instead of whipping or scolding give your child a treatment of Kickapoo Worm Killer. Nice candy confections that kill the worms and are so laxative enough to move the bowels and expel not only the worms but accumulated poisons.

These poisons and worms bring fever, make children nervous and irritable, reduce their vitality and make them victims of sickness. Get a box of Kickapoo Worm Killer today at your Druggist, only 25c.

communication headed. Treasury Department, office of the treasurer, U. S. January 26, contained the note by Mr. Taylor, with the annotation: "Respectfully returned with the two buffalo nickels, forwarded by you for inspection, which are genuine."

The difference in the two nickels returned to Mr. Taylor is marked, and although the assistant treasurer, who signed the communication with an illegible signature, is not located, it is supposed that the counterfeit dies was used. At any rate the profit in nickels, unless made in a big factory, can hardly be great.

FAULTS OF ENGLISH EDUCATIONAL SYSTEM.

Satisfaction With Mere Book Knowledge and Inattention to Facts.

London, Jan. 31.—Neglect of intellectual things, satisfaction with mere book knowledge, inattention to facts, concentration on physical prowess, widespread ignorance of science and consequent contempt for investigation and expert knowledge are the basic faults of the English educational system, said Sir Oliver Lodge in his address before the annual conference of educational associations held in London.

War, he continued, had opened the eyes of the nation to certain perils which during a long era of peace had been overlooked. War had now made apparent the ignorance of the governing classes. English education led to a widely diffused knowledge. Initiative was lacking, and only the personal character and courage of the men and women of all classes had saved the country. The people, as well as their leaders, were now learning from the enemy.

Sir Oliver condemned the educational ideals of modern Germany as a heavy pedagogical grind and a soulless preparation for business, in which purely material objects had been elevated to the region of worship and sentiment. The old, delightful, sentimental Germany with its message to the soul of the human race, he said, had been slain. But this did not justify English failure to teach the elemental facts of science and to train students to make the best use of their brains.
